DECORARE CON I FIORI. COMPOSIZIONI E DECORAZIONI CREATIVE

Creative ideas for flowers and containers around the world

This unique collaboration between international bestselling interiors author and stylist Holly Becker of the award-winning design blog, decor8, and Leslie Shewring, product designer, photographer and stylist, offers advice on selecting, combining and arranging flowers to best complement your decor. Decorate with Flowers contains a host of exciting ideas separated into eight gorgeous styles, showing flowers in relaxed, casual homes alongside those with some serious panache. Whether you are looking to invigorate a neutral interior or complement your already colourful space, you'll find a host of creative ideas.

Holly and Leslie take a relaxed approach to floral design and, as stylists, they openly share tricks of the trade, including ways to experiment and get playful with flowers to create arrangements that are uncomplicated and inexpensive without sacrificing style. With step-by-step projects and crafting ideas showing how to adapt and decorate containers in a creative way with ribbons and trims, paint, string and fabric, you will learn not only how to arrange flowers like a stylist but the importance of placing them in the right container, and where. They also offer charming suggestions for creating pretty and approachable floral decorations for entertaining at home, from tea parties to cocktails with friends.

Whether you want to make the most of freshly picked blooms from the garden, or you crave to put your personal stamp on the more generic pre-packaged bunch from the local market, Decorate with Flowers removes the intimidation from floral arranging, leaving you inspired and excited to work more freely with flowers and containers in a spirit of exploration and creativity.

'Holly and Leslie's Decorate with Flowers is an incredibly rich and inspiring book clearly created from their lifelong passion for floral forms, nature and decorating! This book brings all of these elements together with a casual, easy and elegant "how to" approach that gives you everything you need to create your own unique decorating and entertaining experiences with the warmth and beauty of flowers...all from the heart!'
