The author:

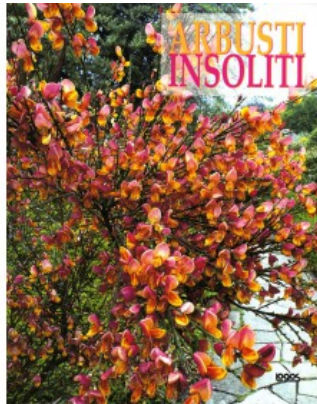

Isabelle Palmer is the founder of an innovative online company – The Balcony Gardener (www.thebalconygardener.com). Her successful business specializes in product ranges for small urban outdoor spaces—balconies, patios, containers, and roof terraces. Isabelle grew up in Worcestershire. She moved to London to study at Chelsea College of Art and Design, and then embarked on a degree in Economics before working in PR. She's always been a keen gardener wanted to create a little green oasis of her own on her own small balconies. Believing that others would want to do the same, she started The Balcony Gardener. Isabelle lives in Hampstead, London.
