## HIERONYMUS BOSCH. L'OPERA COMPLETA - JUMBO

### Devil in the details

#### The symbols, monsters, and morals of a Netherlandish radical

A bird-monster devouring sinners, naked bodies in tantric contortions, a pair of ears brandishing a sharpened blade: with **nightmarish details and fantastical painterly schemes**, Netherlandish visionary **Hieronymus Bosch** (c. 1450–1516) secured his place as an art historical magnet. Some 500 years on from his death, his extraordinary works continue to enthrall scholars, artists, designers, and musicians.

This large-scale TASCHEN monograph presents the complete Bosch oeuvre, celebrating the artist's **staggering compositional scope** and most **bizarre and intricate details** through full-page reproductions, abundant details, and a **fold-out spread drawn from *The Last Judgement***. With guidance from art historian and **Bosch expert Stefan Fischer**, we explore the many compelling elements that populate each scene, from hybrid creatures of man and beast, to painterly assaults on the body, and a pictorial use of proverbs and idioms. Particular attention is given to Bosch's most famous work, the **mesmerizing, terrifying triptych *The Garden of Earthly Delights***.

*"As a child I didn't quite understand what it all meant, but through my child's eyes it represented a planet, the utopia we had been given, the overpopulation, excesses, and in the third panel we see a blackened sky that represents so much to me of what's going on in the environment"* - Leonardo Di Caprio
