Out on a Limb

The sky's the limit with 50 ingenious tree houses around the world

The idea of climbing a tree for shelter, or just to see the earth from another perspective, is as old as humanity. In this neat TASCHEN edition, take a tour of some of our finest arboreal adventures with **50 of the most beautiful, inventive, and enchanting tree houses around the world.**

From **romantic to contemporary**, from famed architects to little-known craftsmen, you'll scale the heights to visit all manner of treetop structures, from a **teahouse, restaurant, hotel, and children's playhouse** to simple perches from which to contemplate life, enjoy the view, and discover that tree houses take as many forms as the imagination can offer. With an **abundance of gorgeous photographs and illustrations**, this is an ode to alternative living, where playful imagination meets eco-sensitive finesse.
