## SNOWHITE

*"Beyond the wall is a wood where wild beasts dwell."*

Totally in black and white, Ana Juan draws from the famous brothers' Grimm tale and offers us a twist, a different interpretation.

The King and the Queen, the sly stepmother and her emissary, the seven redeeming brother, the Prince... all the classical characters are present, but they create a hostile, dark world around the unlucky protagonist, who seems to be driven by the events, victim of the fate. And with the tragic epilogue Ana Juan brings us back to the beginning of the story, in a circular plot, as if asserting the ineradicable cyclic nature of evil and suffering, while giving an ironic, sordid and ruthless interpretation of the classic sweet tale, where the statement "and they lived happily ever after" is not for everybody, not even in the tales!

From the same series also available two different Limited Edition cases *The Family Dime* and *Snowwhite & Julius*
